What an incredibly busy quarter we have had. Since our last newsletter, we have traveled over **25,000 miles crisscrossing the United States**. We praise the Lord that He has given us a full traveling calendar. Much of our travels for the past few months have been to participate in many missions conferences in America as well as one in Mexico.

The Lord has certainly used His people to answer many prayer requests on our behalf. Our van was paid off when Ambassador Baptist Church in Conway, Arkansas, donated \$1,000. Fellowship Baptist Church of Durham, North Carolina, purchased a new luggage set for our family. Laurel Baptist Church in Charlotte, North Carolina, purchased an Ipad for our family. These are just a few of the many blessings this quarter. **But unmistakably the best answer to prayer occurred in November with the salvation of my aunt, Sophia Sam.** My cousins and I have been praying for her salvation for nearly 20 years. Recently, she was hospitalized due to a stroke and heart attack. She was revived several times. This near-death experience caused her to be extra tender to receive the Gospel. **Thankfully, the Lord not only spared her life but saved her soul! Praise the Lord!**

<< The Chhim Family enjoyed our time at North Valley Baptist Church's Missions Conference in Santa Clara, California. We love Dr. Jack Trieber and are thankful for his influence and investment in our lives.

During a recent trip to Obregon, Mexico, Chantha met many pastors while visiting the Emmanuel Baptist Church. Pastor Pedro Davila has been pastoring this church for the last eleven years. God is doing an incredible work all throughout Mexico. It was such a blessing to witness a foreign mission church that has a heart for world missions. Emmanuel Baptist Church voted to partner with us in our missions endeavor. While there, Chantha preached five times with seven trusting Christ and one baptism. **Glory be the Lord!**

Since our last newsletter, we have now reached the 35% mark in our support. We are thankful for the many new ministries that have partnered with our family. We anticipate being at 40% by the end of the year 2011.

We have seen 11 people trust Christ through personal soulwinning since October of this year.

Prayer Requests //

- Safety in travels
- Soul winning efforts
- Good health (*the boys have been sick on-and-off*)
- Potential Singapore Team Missions Labourers (JOIN US!)
- Unspoken
- Missions Trip to SE Asia July 16-31, 2012 (*if interested pls contact me*)
